One less call to answer,
feeling full of despair,
don't think I can get through it,
just one last prayer.

*And it's a leap of faith,
when you believe there's someone out there,
it's a leap of faith when you believe that someone
cares, oh,
and when I call out to you,
will you be right there,
right there.

Searching for the answer,
nobody seems to care,
Oh how I wish that you were here,
beside me,
to wipe away my tears.

*And it's a leap of faith,
when you believe there's someone out there,
it's a leap of faith when you believe that someone
cares, oh,
and when I call out to you,
will you be right there,
right there.

Waiting for the answer,
remembering times we would share,
somehow I feel you here beside me,
even though your not there.

*And it's a leap of faith,

when you believe there's someone out there,
it's a leap of faith when you believe that someone
cares, oh,
and when I call out to you,
will you be right there-

[Bridge:]
Right there---

And I'll be waiting by the window for your smile to come through,
and I'll be waiting in the darkness when I call out to you,
and I'll remember when you told me,
I could trust in you-

*And it's a leap of faith,
when you believe there's someone out there,
it's a leap of faith when you believe that someone cares, oh,
and when I call out to you,
will you be right there-
It's a leap of faith,
and I believe that you are out there,
it's a leap of faith and I believe you truly care, oh,
and when I call out to you,
I know you'll be right there,
right there,
and it's a leap of faith.
