God bless the child
Who can find their way home
God bless the child
Who is weary in soul
Oh beware
To take care of yourself
Or you lack the strength
To help somebody else

God bless the child
Who is broken and bruised
God bless the child
Who just wants to be good
Oh beware
To take care of yourself
Or you lack the strength
To help somebody else
So take care, so take care
Of yourself

Oh beware
To take care of yourself
Or you lack the strength
To help somebody else
So take care, take care
Of yourself
