When youre all alone
And you need a light
Someone to guide you
Through the night
Just remember
That I am here
To hold you close and dry your tears
Just when you thought you were falling
You know Ill be right there

When youre all alone(when your All Alone)
Just when you thought you were losing
But you know Ill always be right there
And Ill be there through the good times and the bad
And well be for each other
Youre the best friend I ever had
