So you got a taste and you want some more
Like a little kid in a candy store
You walk around with your head held high
And you never learn the meaning of compromise

Did you think that it would last this long
Did you think that I'd be holding on

Ohh, oh your pretty little lying eyes
Ohh, and it don't make a difference in your life
You know that you can't hide behind
Your pretty little lying, pretty little lying eyes

You're the king of the town tonight
With your paper crown and your cheap disguise
The sun is out but you're staying in bed
Watch the fire burning in your cigarette

I hear you talking with the holy ghost
Pay your penance and I'll hit the road

Ohh, oh your pretty little lying eyes
Ohh, and it don't make a difference in your life
You know that you can't hide behind
Your pretty little lying, pretty little lying eyes

Got a troubled mind and a restless heart
And letting go was the easy part

Ohh, oh your pretty little lying eyes
Ohh, and it don't make a difference in your life
You know that you can't hide behind
Your pretty little lying, pretty little lying eyes
Oh your pretty little lying, pretty little lying eyes
Oh your pretty little lying, pretty little lying eyes.
