She's his yellow brick road
And leading him on
And letting him go as far
As she lets him go
Going down to nowhere

She puts on her make up
The same way she did yesterday
Hopin' every thing's the same
But everything has changed

In my mind
Everything we did was right
Open your eyes, I'll still be by your side
How could I ever have been so blind?
You give me something to sleep to at night
(Something to sleep to at night)

He wakes up to the sound
So scared that she's leavin'
He wishes she were still
Asleep next to him
Hopin' she will change

In my mind
Everything we did was right
Open your eyes, I'll still be by your side
How could I ever have been so blind?
You give me something to sleep to at night

You give me something to sleep to and
And all I know is
You give me something to dream to
When I'm all alone and blue
Don't leave me now
Don't leave me now

Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now
Don't leave me now

Don't leave me now

(In my mind)

(In my mind)

In my mind

(Everything we did was right)

Ohh ohh, everything we did was right

(Eyes on sleepy, I'll still be by your side)

Open your eyes, I'll still be by your side

(How could I ever have been so blind?)

Ohh ohh ohh

(You give me something to sleep to)

You give me something

(Something to sleep)

You give me something

(And something to sleep)

You give me something to sleep to

Ohh ohh ohh

Ohh ohh ohh

You give me something to sleep to

Something to sleep to at night
