You tell me I dwell on the past; I can't hold everything
against you
But you never forget the first times, and she was there
to see you through
And it makes me sound a fool, but every little thing we
do, she's there too

You tell me don't worry bout her; you say you're with
me for good now
But since then she's come to be a presence, and I
don't know how
And it makes me feel a fool, cuz every little thing we
do, she's done with you

And I'm falling in love with you, I don't need her
here too
And I'm holding just one hand, I don't wanna let you
through
Until I'm alone to fall in love with you, just you

You tell me argue too much about her, and it's always
me
Who brings up the subject on the hour, oh, you just
can't see
That the reason I'm a fool, is that every little thing we
do, she's there too

You tell me don't worry about her; you say you
weren't that close anyway
But I know that this is a lie, cuz you won't take sides
And it makes you look a fool, cuz every little thing I do,
you blame on you

And I'm falling in love with you, I don't need her
here too
And I'm holding just one hand, I don't wanna let you
through
'Til I'm alone
Leave me alone
She won't
Leave me alone . . .

And Iâ€™m falling in love with you, I donâ€™t need her
here too
And Iâ€™m holding just one hand, I donâ€™t wanna let you
through
Until Iâ€™m alone to fall in love with you

Iâ€™m falling in love with you, I donâ€™t need her here too
And Iâ€™m holding just one hand, I donâ€™t wanna let you
through
Until Iâ€™m alone to fall in love

You tell me I dwell on the past; I canâ€™t hold everything
against you
But you never forget the first times
No you never forget her first times, do you
