One less call to answer,  
feeling full of despair,  
don't think I can get through it,  
just one last prayer.

\*And it's a leap of faith,  
when you believe there's someone out there,  
it's a leap of faith when you believe that someone  
cares, oh,  
and when I call out to you,  
will you be right there,  
right there.

Searching for the answer,  
nobody seems to care,  
Oh how I wish that you were here,  
beside me,  
to wipe away my tears.

\*And it's a leap of faith,  
when you believe there's someone out there,  
it's a leap of faith when you believe that someone  
cares, oh,  
and when I call out to you,  
will you be right there,  
right there.

Waiting for the answer,  
remembering times we would share,  
somehow I feel you here beside me,  
even though your not there.

\*And it's a leap of faith,  
  
when you believe there's someone out there,  
it's a leap of faith when you believe that someone  
cares, oh,  
and when I call out to you,  
will you be right there-

*[Bridge:]*  
Right there---

And I'll be waiting by the window for your smile to come through,  
and I'll be waiting in the darkness when I call out to you,  
and I'll remember when you told me,  
I could trust in you-

\*And it's a leap of faith,  
when you believe there's someone out there,  
it's a leap of faith when you believe that someone cares, oh,  
and when I call out to you,  
will you be right there-  
It's a leap of faith,  
and I believe that you are out there,  
it's a leap of faith and I believe you truly care, oh,  
and when I call out to you,  
I know you'll be right there,  
right there,  
and it's a leap of faith.
