(michelle lewis/teddy kumpel)

They wanted me, to be the queen  
But my mood went south  
And I'm stuck on the couch in fat jeans  
And the couch sucks me down through the floor  
And the floor sucks me down through the earth  
And I'm covered and buried before  
My heart had a chance to stop working

Hey-can't hear me 'til I shout  
Hey-come dig me out

It's raining in bed  
And I'm soaking wet  
I need someone to fix this hole in my head  
Before my brains get out and the rain gets in  
All that could be, should be, would have been  
If I'd only done better watching weather and wishful  
thinking

And the bed sucks me down through the floor  
And the floor sucks me down through the earth  
And I'm covered and buried before  
My heart had a chance to stop workin'

Hey-it's heavy underground  
Hey-come dig me out!

Honesty's a bitch that no one wants to listen to  
Hear how you're doin' when you're down  
Change the subject quickly, don't look don't see  
I'm not looking too pretty right now  
It's hard to look pretty underground

Hey, can't hear me til I shout...  
Hey, come dig me out, come dig me out

Hey, can't hear me underground...  
Hey, come dig me out, come dig me out

Hey, can't hear me til I shout

Hey, come dig me out, come dig me out...aaahh!

Hey, it's heavy underground  
Hey, come dig me out.
