You bought in hoping for an easy ride
A well-trained pet with no nasty dark side
I've grown tired, trying to be what you like
Isn't it obvious?

We can't go on like this...
I'm not the one you want
I'm not the one, no no
I'm not the kind of girl who has to sink that low
I'm not the one you see
Or what you thought I'd be
Cause if that something isn't me - I'll go

Change my fate like a little paper doll
Change your mind and I'm back in free-fall
And I can't wait for you to grow some balls
Isn't it obvious?
We can't go on like this
I'm not the one you want
I'm not the one, no no
I'm not the kind of girl who has to sink that low
I'm not the one you see
The one you thought I'd be
And if that someone isn't me - I'll go

I gave you the best that I could do
(but you don't like girls much, do you?)
A sweet sticky mess
Won't act like you want me to
It's all right...
I don't fit your dream-girl... checklist
Cause you're not... doing me any favors like this....
I'm not the one...
