I could see the pain in your eyes. I wish I could prove
this truth absolute. I want to heal you. It is me. I am
sorry. Sister of mercy to free me, trace my past beyond
what I see. Your God promised to save me. God forgot.
Needle puncturing skin, tell the tales of where I have
been. Please love, trace my soul never to let my
memory go. Murder in every world, there has got to be
someone who understands me. I was looking for
myself. Asking everyone except myself the questions
which I and only I could answer. Reflections in the skin,
release the flowing stream. The agony we call living.
The bloodletting I call me. I will never fall down
