"No Heroes"

In vein and valor
Be what they fear
Their days are over
Our nights are here
With hate and heartache
I'll strike you down
With rage and rapture
I crush your crown
No heroes
No more graves
No heroes
No more love
No heroes
No more hate
No heroes
No more
NO!
In my world of enemies
I walk alone
In vein and valor
Be what they fear
Their days are over
Our nights are here
With hate and heartache
I'll strike you down
With rage and rapture
I crush your crown
NO! MORE! NO! MORE! NO! MORE!
NO! MORE! NO! MORE! NO! MORE!
In vein and valor
Be what they fear
Their days are over
Our nights are here
With hate and heartache
I'll strike you down
With rage and rapture
I crush your crown
No heroes
No more graves
No heroes
No more love
No heroes

No more hate
No heroes
No more no
NO! MORE! NO! MORE!
(no more heroes!)

In my world of enemies
I walk alone
In my world of enemies
I walk alone
In my world of enemies
I walk alone
In my world of enemies
I walk alone

In vein and valor
Be what they fear
Their days are over
Our nights are here
With hate and heartache
I'll strike you down
With rage and rapture
I crush your crown

In vein and valor
Be what they fear
Their days are over
Our nights are here
With hate and heartache
I'll strike you down
With rage and rapture
I crush your crown
