"Predatory Glow"

I've found myself
Running out of time
Relating to those that
Just stopped trying
Clinging to those little things
And the light they bring
I bow down to you
Extinguished youth

Scavengers became
Future romancers
And my angels carry
A predatory glow
I'm weaker by the day
No way to be saved
I bow down to you
Extinguished youth

Emptiness
Drags me down
To the depths
With no sound
It's what I lack
That attracts (me)
To the jaws
Of defeat

Mend me
End me
Mend me
End me
Mend me
End me
Mend me
End me

Let the future know
I won't be there tomorrow
Let the past know
I gave them my all
I'm aching for an end

Grown thinner every day
I bow down to you
Extinguished youth
