WOW!

To the lions

As she closes her doors to end this night

To the lions

This raging sea won't have you

This weary grave won't keep you

These tired arms won't hold you

As she closes her doors to the lions

Inferno dreams won't leave you

To the lions

This moonless night won't guide you

These brittle ghosts won't love you as she closes her
doors

Queen of guilt

Queen of grief

Remember them (erase me)

To the lions

As she closes her doors to the end this night

To the lions

This raging sea won't have you

This weary grave won't keep you

These tired arms won't hold you

Queen of guilt

Queen of grief

Remember them

Remember them

Remember them

Remember them
