Awe awe awe awe!
Baby when you hold my hand
I feel like no chance to loose ya
Baby give me one last kiss to be in love with ya
I know I always be here for ya
And I want never ever regret
Your smile makes me more in love

Awe awe awe awe
You are my everything and everytime I think of ya
I can't miss you more then I already do
This is a lie because I would rather die then break your
heart into a million pieces
I think I've fallen in love
In love in loooooove

Baby give me your hand let's walk together into this
new world
I might have fallen in deeply love with ya
No matter how I always be with you even I'm not
standing here
But you got to know that I'm here I'll do anything for ya
Cause I've already fallen deeply in love
I won't never make you sad
It is a pain to see you in that mood
Because it makes me sad too

Awe awe awe awe
You are my everything and everytime I think of ya
I can't miss you more then I already do
This is a lie because I would rather die then break your
heart into a million pieces
I think I've fallen in love
In love in loooooove

I hope this proves that I love you more
And everytime I think of you I want to see ya right now
Every single moment I want you here and hold my hand
forever
I fell in love since the first moment I heard you say
"shawty"
I know that you are the perfect boy in my life

Boy ya boy ya mine mine

Awe awe awe awe

You are my everything and everytime I think of ya

I can't miss you more then I already do

This is a lie because I would rather die then break your
heart into a million pieces

I think I've fallen in love

In love in looooove

Haha shawty peace!.
