Your unbelievable, simply irresistible,
and certainly your kissable
And next to you I'm way too shy,
and lose my backbone
Leave my feelings unknown,
play should've, could've on my own
Then I'm left to wonder why

This is all so hard,
letting down my guard
It's all the same, it's you I blame
But maybe that's not right

(chorus)
So I'll blame
Gravity, for always holding out on me
When I just want to run away
It trips me and I fall for you
Makes perfect sense to me
Lose responsibility
Then everytime I fail to see
How easy this could be
I can put the blame on gravity

Your undeniable, and certainly achievable
If I could only speak my mind
But I deliberate, simple thing I complicate
Then I think it best to wait
It happens to me all the time
This is all so hard
Letting down my guard
It's all the same, it's you I blame
But maybe that's not right

(chorus)

There is something I must confess
I was happy with my loneliness, oh yeah
Weightless is so easy to be
Now I'm up in a different spin
Out of control and completely into you

So why put the blame on me
When I can but the blame on gravity

(chorus)
