Remember how it used to be
The greatest time for you and me
It seems so long ago
What have I done
We had our life, we had a dream
No care at all, a perfect scene
Why did it have to end
Who pays the price
Our story ended at a moment she came along
My heart was ripped in two and thrown right on the
ground

[Chorus]

I'm on the run
What have a done
I hardly know my name
Or where I'm from
I'm on the run
No matter where
Will you stay by my side
Or don't you care

[Verse 2]

It feels like it was yesterday
You thought it was your time to pay
But didn't understand where this could end
I was so hurt It ate me up
Got on a rage, I couldn't stop
No man would understand what I went through
The story ended at the pace you saw her first
Her life was ripped in two and thrown right on the
ground

[Chorus]

I'm on the run
What have a done
I hardly know my name
Or where I'm from
I'm on the run
No matter where
Will you stay by my side
Or don't you care

Endlessly dreaming, my heart floats away
I think I'm fine, but I couldn't say
Is it illusion or is this the truth
Did I just lose it or am I still with you

[Chorus]

I'm on the run
What have I done
I hardly know my name
Or where I'm from
I'm on the run
No matter where
Will you stay by my side
Or don't you care
