checkin' up on my baby  
find out what she puttin' down  
checkin' up on my baby  
find out what she puttin' down  
so many nights and days  
since I've been out of town

well my baby don't write  
she don't even call  
no my baby don't write  
she don't even call  
well I'm gonna get slick

find myself another chick

checkin' on my baby  
see what she puttin' down  
checkin' on my baby  
see what she puttin' down  
been gone so long  
'bout to drive her daddy wild
