I saw a glittering moon
I saw a beautiful morning
Shining on the hill
And I grabbed the cat by the tail
The future with my finger nails
But now I live in fear

It's all out of focus
It's all, baby, so unclear
It's all out of focus
It's all, baby, so unreal

I saw towering spires, I heard beautiful chimes, I heard
them peal
I saw visions of grace, I saw heavenly place, then it
disappeared

Maybe I lied a little bit too much
Maybe I cried a little bit too much
I saw the future just shatter in glass

It's all out of focus
It's all, baby, so unclear
It's all out of focus
And nothing is revealed

I was walking on clouds, yeah and talking so proud,
but I did not hear
Voices singing so loud, said you're tumbling down,
to the streets of tears

It's all out of focus
It's all, baby, so unclear
It's all out of focus
It's all, baby, so unreal

Sometime I lied a little bit too hard
Sometime I cried a little bit too hard
I saw the future just vanish like glass

It's all out of focus
It's all, baby, so unclear

It's all out of focus
And nothing is revealed
