My love came tumbling down
Just like raindrops
Thunderin' raindrops
From the sky

I can really feel these love drops
Are really really raindrops
Candy-coated lovedrops
In my eyes

I wish someone had told me
Your love was never meant to be
Now they're trying to tell me
You're gonna set me free

That's why
My love came tumbling down
Just like raindrops
Thunderin' raindrops
From the sky

I wish someone had told me
Your love was never meant to be
Now they're trying to tell me
You're gonna set me free

That's why
My love came tumbling down
Just like raindrops
Thunderin' raindrops
From the sky

Talk about those raindrops
Thunderin' raindrops
Candy-coated lovedrops
(Fade out)
