chorus

for the culture
for the wine for the hustlers
yeah i knew for the love to die
die for living
is the life i am living
i am gonna keep on living

this is time
it was all a €and i still try to wake up
i used to read billboard magazine
now i am on page one
turn the good chance to a great one
as i had a good dance to the base doom
i still get love from where i came from
if you think hollywood take one
la sun new york night
different cities ain't party is alright
short days long nights
we are showing love to the drinks pored right
i die for the love of it
please cut to the top not some of it
from the .. to the las this is out life style
so we're doing it to the death

chorus

lights camera action
tonight is filled with magic
i am living the movie pick a scene
got my eyes open i am in a dream
cruising on the block you can feel the braze
windows down baby i am feeling clean
hard work got a brother here
so we do this like every day is another year
.. take your chance with me
and we can all rock
we can run for 3 that's a short shut
i do this for the culture of top
we celebrate just for dyeing hard

.. this is my kind of job
i am looking at the finish line
like it's kind of .. that ain't done to a shining star
