When you feel like you've come to the end of your way
you need love
When all you get is lonesome at the end of the day you
need love
When you've lived the lifetime in a night still there's
darkness above
There's no way to measure the almighty power of a
good woman's love.

When you got an old mem'ry that refuses to die you
need love
When you feel someone special has long passed you
by you need love
When you've lived the lifetime in a night still there's
darkness above
There's no way to measure the almighty power of a
good woman's love.

A good woman's love is all that any man needs
Give me a good woman's love my heart my sould and
mind plead
When there's someone somewhere that you're thinking
of
There's no way to measure the almighty power of a
good woman's love...
