When she wakes up this morning and turns to kiss me
She'll find I let her sleep 'cause we talked so late last
night
She'll know I kissed her face gently till my returning
And when she finds the rose on my pillow, I know she'll
smile

Her amazing love, unending
Is so much more than I am worthy of
If the rose could speak my feelings
She'd know I cherished her amazing love

If I call her a little late she forgives me
Her voice does not betray, she's spent another day
alone
She softly thanks me for the rose and says, I miss you
And then I can feel her smiling on the phone

Her amazing love, unending
Is so much more than I am worthy of
If the rose could speak my feelings
She'd know, I cherished her amazing love [unverified]
