You keep comin' to me  
Tryin' to look inside my mind  
Well, what you see  
Are you wonderin'  
If you're in there  
Well, you are  
But baby, you got company.

I'm not looking for a place to go  
When I'll leave I won't be coming back no more  
I'm more like a circus show  
I pitch my tent and then I'll go  
So get in line at least one time.

I'm not just a side show either  
Step up front but don't just stand and stare  
Yeah, I'm the main attraction  
But understand I'll sell my tickets anywhere

I'm not looking for a place to go  
When I'll leave I won't be coming back no more  
I'm more like a circus show  
I pitch my tent and then I'll go  
So get in line at least one time.

--- Instrumental ---

You keep comin' to me  
Tryin' to look inside my mind  
Well, what you see  
Are you wonderin'  
If you're in there  
Well, you are  
But baby, you got company...
