She's not a bad girl,
She's just a sad girl
Please don't blame her
For what she's done to me.

I know it doesn't look too good for her
And I suppose she's done the things you say
And I guess it's true I tried more than I should for her
But it's not her fault that she turned out that way.

She's not a bad girl
She's just a sad girl
Please don't blame her
For what she's done to me.

--- Instrumental ---

Once she was the kind of girl you'd have her be
But I was foolish then and didn't care
The first of us to ever slip around was me
And to place the blame on her just isn't fair.

She's not a bad girl
She's just a sad girl
Please don't blame her
For what she's done to me.

Please don't blame her
For what she's done to me...
