There is a tavern in the town (in the town)  
Yeah, that's where the gang would gather 'round  
(would gather round)  
And there you'll find my love, my fallen Betty Lou  
But there in the arms of someone new.

Betty Lou, I think you hurt me  
Betty Lou, And then desert me  
Betty Lou, I wonder who is  
Kissin' you tonight.

I got no one for company  
I sit alone and watch TV  
'Cause when I see a show  
And lovers seem just fine  
I think of Betty Lou at night.

--- Instrumental ---

Betty Lou, I think you hurt me  
Betty Lou, And then desert me  
Betty Lou, I wonder who is  
Kissin' you tonight.

I got no one for company  
Oh, I sit alone and watch TV  
'Cause when I see a show  
When lovers seem just fine  
I think of Betty Lou at night.

(Betty Lou) Oh, Betty Lou  
(Betty Lou) My, Betty Lou  
(Betty Lou) Sweet, Betty Lou  
(Betty Lou) Um, Betty Lou  
(Betty Lou) Oh, Betty Lou  
(Betty Lou) Yes, Betty Lou  
(Betty Lou)...
