I found my thrill
Yes, On Blueberry hill
On Blueberry hill
Woo, When I found you.

My heart stood still
Right there on Blueberry hill
You know it ain't good until
All my dreams came true.

The wind in the willow played
Love's sweet melody
And all of those vows we made
Are never to be.

Though we're apart
You know I dream of you still
'Cause you were my thrill
On Blueberry hill.

--- Instrumental ---

The wind in the willow played
Love's sweet melody
And all of those vows we made
Are never to be.

Though we're apart
You know I dream of you still
'Cause you were my thrill
Down on Blueberry hill...
