Cheatin' fire, gonna burn higher
Still we lay here in the ashes unconcerned
Every night the same ole thing, we just pour fuel on the
flames
Before this cheatin' fire goes out someone'll get
burned.

Here we are again too far gone to gain control
And we cant' find a way to kill the flame
We get lost in our love, don't know which way to turn
So well just build a fire and let it burn.

Cheatin' fire, it's gonna burn higher
Still we lay here in the ashes unconcerned
Every night the same ole thing, we just pour fuel on the
flames.
Before this cheatin' fire goes out someone'll get
burned.

--- Instrumental ---

It doesn't feel so wrong cause the fires gone out at
home
And right now this feelings more than we can stand
We find were just too weak to fight this strong desire
And tonight will build another cheatin' fire.

Cheatin' fire, it's gonna burn higher
Still we lay here in the ashes unconcerned
Every night the same ole thing we just pour fuel on the
flames
Before this cheatin' fire goes out someone'll get
burned.

Cheatin' fire, (cheatin' fire) it's gonna burn higher
(higher and higher)
Still we lay here in the ashes unconcerned
Every night the same ole thing we just pour fuel on the
flames
Before this cheatin' fire goes out someone'll get
burned.

Cheatin' fire, (cheatin' fire) it's gonna burn higher
(higher and higher)
Still we lay here in the ashes unconcerned
Every night the same ole thing we just pour fuel on the
flames
Before this cheatin' fire goes out someone'll get
burned.

Cheatin' fire, (cheatin' fire) it's gonna burn higher
(higher and higher)
Still we lay here in the ashes unconcerned
Every night the same ole thing we just pour fuel on the
flames
Before this cheatin' fire goes out someone'll get
burned...
