

Conway Twitty "Easy To Fall In Love"

Visit "[Easy To Fall In Love](#)" on MotoLyrics.com

First you meet her on the street and then you see her in
your sleep
Well, it's so easy to fall in love
You'll find her love is good and true that she's the only
girl for you
Well, it's so easy to fall in love.

But don't forget it takes both, two to make love that's
good and true
And then you'll find she loves you too and there's
nothing left to do
Buy diamond rings and make some plans to go and
see the preacher man
Well, it's so easy to fall in love.

But don't forget it takes both two to make love that's
good and true
And then you'll find she loves you too and there's
nothing left to do
Buy diamond rings and make some plans to go and
see the preacher man
Well, it's so easy to fall in love...
