It's funny how love goes  
'Cause I know this could never work out  
But honey how love grows  
Even though there's no reason to doubt  
This can never be you keep saying it's wrong  
Neither one of us is free still I wanna hold on.

When even a fool would let go  
'Cause he knows there's no use in trying  
Even a child would say no  
When he knows he'll end up crying  
Tell me now is it's wise holding you  
When even a fool would let go.

My love has no reason  
Like the words in a song that don't rhyme  
My love got no season  
I just know that it's there all the time  
Maybe just you and me I can't believe that's wrong  
Thinking about you and me makes me wanna hold on.

But even a fool would let go  
'Cause he knows there's no use in trying  
Even a child would say no  
When he knows he'll end up crying  
Tell me now is it's wise holding you  
When even a fool would let go.

When even a fool would let go  
'Cause he knows there's no use in trying  
Even a child would say no  
When he knows he'll end up crying  
Tell me now is it's wise holding you  
When even a fool would let go...
