I've always been the travelin' kind
Another town was on my mind
It's not my fault that I was just
Born with a case of wonder lust.

But, I'm changing fast
You'll put it all in my past
No more running around
Feel like I'm fit to be tied down.

I've loved some women in my time
So, I'll leave some broken hearts behind
I know they'll cuss me that much more
But, I've found what I've been searchin' for.

Cause, I'm changing fast
You'll put it all in my past
No more running around
I'm finally fit to be tied down.

Feel like I'm fit to be tied down...
