We thought the baby was the answer to keep us happy
in our world

Our prayers were answered with the darling baby girl
And we named her Heaven but a child's not all it takes
But I'll stay and I'll stay for Heaven's sake

You often send me roses and kiss me when you leave
home

And you pick out my shirt and tie like nothing's ever
wrong

But we're only fooling heaven we can't make a mistake
I won't leave you I'll see it through for Heaven's sake

Christmas trees and make believe for heaven's sake
Ginger mint and let's pretend if that's what it takes
Evening prayers and pigtails teddy bears and wishing
wells

For Heaven's sake

Rollers case and skinned up knee and dirty face

I kiss her hurt until her tears are all erased

Baby dolls and your high heels lollipops before her
meal

For Heaven's sake
