Gimme me some love, I need your lovin'
Gimme some hug, I need your huggin'
Gimme some love, I need your lovin' bad.

Gimme some kiss, and gave it gladly
Baby, I miss it, your lovin' badly
So give me some lovin', I need your lovin' bad.

Well, Please tell me baby
What I want to know ,
If you still love me than tell me so
If you still want me, I'll be around
Please, Please baby don't let me down.

Gimme some love, I need ya honey
Well, I got the car, I got the money
So give me some lovin'
I need your lovin' bad.

--- Instrumental ---

Well, Please tell me baby
What I want to know ,
If you still love me than tell me so
If you still want me, I'll be around
Please, Please baby don't let me down.

Gimme some love, And give it gladly
Baby, I miss your lovin' badly
So give me some lovin', I need your lovin' bad.
