(Hang up the phone before I cry
Hang up the phone before I die.)

Well I just called you up to say hello (hello)
And to say that I still love you so
Then heard a voice and asked who's there with you
Heard you answer just my brother Louie.

Well, hang up the phone before I cry
Oh, hang up the phone before I die
For our love can never ever be
And by the way your brother's here with me.

There's nothing you can do to ease the pain
Let's both forget and try to start again
Go tell the guy that's takin' you from me
That he can have you now I set you free.

Well, hang up the phone before I cry
Oh, hang up the phone before I die
For our love can never ever be
And by the way your brother's here with me.

Hang up the phone, hang up the phone.
Hang up the phone, hang up the phone.
Hang up the phone, hang up the phone...
