Mmm, baby, when I take you out tonight

Fix your hair, dress up right

Paint your fingertips nice and red

But leave your sweet, sweet lips alone

Little Lucy, don'tcha put no lipstick on

(Little Lucy) don'tcha put no lipstick on

Before the night is through

I'm gonna kiss it right off

Right off of you

Baby, you can wear your French perfume

The pink chenise that rocks the room

But if you want a little old love to bloom

Leave your sweet, sweet lips alone

Little Lucy, don'tcha put no lipstick on

(Little Lucy) don'tcha put no lipstick on

Before the night is through

I'm gonna kiss it right off

Off of you

Baby, do you want the folks to know

How your lips, mmm, thrill me so

Every little kiss we share, we'll show

So leave your sweet, sweet lips alone
Little Lucy, don'tcha put no lipstick on
(Little Lucy) don'tcha put no lipstick on
Before the night is through
I'm gonna kiss it right off
Right off of you
Yeah, Little Lucy
Don'tcha put no lipstick on
Baby, don't you do it...
