Got me room in a cheap hotel
My head was a spinnin' and didn't feel well
I laid right down and tried to go to sleep
A band kept a playin' in the joint underneath
I picked up my pillow and I covered up my head
But the band kept a playin' and a shaken my bed

Honky tonk, all night long
Honky tonk, same old song
Honky tonk, my money's all gone
Honky tonk, she done me wrong

I turned and I tossed
And I couldn't go to sleep
'Cause the band kept a playin'
With a honky tonk beat

I'm so blue my baby's gone she took all my money
And she left me all alone
I'm tryin' to forget her but I don't know what to do
The honky tonk song keeps a leakin' through
I picked up my pillow and I covered up my head
But the band kept a playin' and a shaken my bed

Honky tonk, all night long
Honky tonk, same old song
Honky tonk, my money's all gone
Honky tonk, she done me wrong

Honky tonk, all night long
Honky tonk, same old song
Honky tonk, my money's all gone
Honky tonk, she done me wrong [unverified]
