People say, when I walk by
There he goes a lucky guy
He got a big long car, a lotta money too
But I don't wanna be with me
If you're not with me too

Fancy clothes, diamond rings
Pretty house, yeah, all these things
People say, "He can't be blue"
But I don't wanna be with me
If you're not with me too

My fancy clothes, my diamond rings
Pretty house, yeah, all these things
I'd give them all up for you
'Cause I don't wanna be with me
If you're not with me too
No, I don't wanna be with me
If you're not with me too
