Sometimes all you need is someone to hold you  
Sometimes that's all you're looking for  
I'd like to take the time to get to know you  
I don't want this time to be like all the times before.

I want to hold you before I make love to you  
I want to show you all of my heart  
And when I look into your eyes  
I want to feel the love inside, you  
I want to know you before we make love.

--- Instrumental ---

I've learned from all those lonely nights with strangers  
It takes time for real love to be found  
I feel the invitation of your body  
I'd like to look inside your soul before I lay you down.

I want to hold you before I make love to you  
I want to show you all of my heart  
And when I look into your eyes  
I want to feel the love inside, you  
I want to know you before we make love.

I want to hold you before I make love to you  
I want to show you all of my heart  
And when I look into those eyes  
I want to feel the love inside, you  
I want to know you before we make  
Before we make, love...
