The sun just went behind the clouds  
There's darkness all around me now  
And I've just destroyed the world I'm living in  
I broke her heart so many times  
That now at last I've broken mine  
And I've just destroyed the world I'm living in.

What made me think that I could go on hurting her  
I should have known there has to be an end  
But fools in love are taught by fate  
They never learn till it's to late  
And I've just destroyed the world I'm living in.
