Please, please, judge of hearts
Please don't let me lose
Each time I play the game of love
I get left with the blues.

I've tried, oh, how I've tried
But I can't make her see
Judge of hearts make her understand
What she means to me.

Chorus:
Don't sentence me to live my life
In this prison of broken hearts
Please help me to win, in this game of love
'Cause I could never ever make another start.

Judge of hearts, if you'll make her mine
I swear to be true
I've said all that I can say
Now it's all up to you.

Chorus:
Don't sentence me to live my life
In this prison of broken hearts
Please help me to win, in this game of love
'Cause I could never ever make another start.

Judge of hearts, if you'll make her mine
I swear to be true
I've said all that I can say
Now it's all up to you...
