She's leaving, Lord, she's leaving
And soon I'll know I'm gonna find
She'll take more of me with her
Than she'll leave behind.

Love's gone too far to give up
Won't you please listen when I say
Lord, you help me find her
Help me make her want to stay.

I can't believe
She'll soon be leaving me
She means more
Than just another memory.

I miss her already
And she's just leaving me today
Lord, you help me find her
Help me make her want to stay.

--- Instrumental ---

Lord, you help me find her
And you know it was heaven for a while
When I was down, she picked me up
Lord, she taught me how to smile.

She says she'll soon be leaving
And you know I need her more today
Lord you help me find her
Help me make her want to stay.

I can't believe
She'll soon be leaving me
She means more
Than just another memory.

I miss her already
And she's just leaving me today
Lord, you help me find her
Help me make her want to stay...
