I'll go on lovin' you throughout eternity
Say you love me too,
That you'll always be mine forever more
I need you so.

With you, it's lookin' like the world belongs to me
Until the end of time throughout eternity
Say you love me too,
I need you so.

WhooHoo (WhooHoo)
WhooHoo (WhooHoo)

I love you, yes I do
Uh oh, uh oh
I need, I need you so.

I'll go on lovin' you throughout eternity
Say you love me too,
That you'll always be mine forever more
I need you so.

WhooHoo (WhooHoo)
WhooHoo (WhooHoo)

I love you, yes I do
Uh oh, uh oh
I need, I need you so.

With you it's lookin' like the world belongs to me
Until the end of time throughout eternity
Say you love me too,
I need you so...
