In this life there's a light only you can shine
Down this road there is gold only you can find
While you're walking down the road of life
There is so much you can do
And nobody can fill you shoes, (nobody,) can fill you shoes.

--- Instrumental ---

There's a word, we haven't heard, only you can say
You're the friend I might meet along the way
There's a song deep inside your heart no one can sing like you
And nobody can fill you shoes, (nobody,) can fill you shoes.

Nobody, (nobody,) nobody, (nobody,)
Hey nobody, (nobody,) can fill your shoes.

--- Instrumental ---

While you walking (walking,) down this road of life
There's only so much you can do
Nobody, (nobody,) nobody, (nobody,)
Hey nobody, (nobody,) can fill your shoes...
