A nice warm glowing fire to lie down beside
And what about a song or two, a walk in the midnight

And when your tired and weary from the cares of the

And when your tired and weary from the cares of the
day
A little slow lovmakin' will take us away.

Let's do some slow lovmakin' tonight
'Cause when your slow lovmakin', your makin' it right
And when your tired and weary from the cares of the
day
A little slow lovmakin' will take us away. hey ey ey...
