He's tempted by the devil to give up
The love he knows he's got at home
And temptation sometimes leads the best of men
To want to stay out all night long.

And the way the world is turnin'
You can find anything you wanna see
But I know you turn it down, turn around
And then come on home to me.

But I've got me some kind of woman
And she loves me like nobody can
Yes, I've got me some kind of a woman
And that's why I go on home to be her man.

--- Instrumental ---

He lets me know that I am the only girl
In the world he wants to hold
And I can tell by the way he touches me
That his love will not grow cold.

So why should he go looking for another
When I'm all he'll ever need
I'm satisfied to be with him and his love
Sure does take good care of me.

But I've got me some kind of woman
And she loves me like nobody can
Yes, I've got me some kind of a woman
And that's why I go on home to be her man...
