It was a night, ohh, what a night it was,
It really was (such a night) (such a night)
But though the moon was bright
Oh, how bright it was, it really was (such a night) (such
a night)
Well, the night was alight with the stars above
Ohh, and when we kissed I went and fall in love.

It was a kiss, ohh, what a kiss it was,
It really was (such a night) (such a night)
Oh, what a kiss it was, it really was (such a kiss)
Just the thought of her lips sets me afire
I reminisce and I'm filled with desire.

But I gave my heart to her in sweet surrender
How well, I remember, I'll always remember.

Ah, what a night, oh, what a night it was,
It really was (such a night) (such a night) Came the
dawn
And my heart and her love and the night was gone
Ah, but I'll never forget the kiss, the kiss in the
moonlight
How well, I remember, I'll always remember.

Umm. That night, oh, what a night it was,
It really was such a night when we kissed we fell in love

But I gave my heart to her in sweet surrender
How well I remember, I'll always remember.

Ah, that night, ohh, what a night it was,
It really was such a night when we kissed and we fell in
love
But now she's gone, gone, gone
Yes, she's gone, gone, gone
Came the dawn, dawn, dawn
My love was gone, gone, gone.

But before that dawn,
Yes, before that dawn,
And before that dawn

Oh, oh, oh, oh, oh
Yeah, such a night...
