Well, I came home this mornin'  
There was a note hanging on my door  
She said, "This time I'm a leavin' you  
And I won't be back no more."

Yeah, yeah and that's all  
That's all she wrote.

She said, "I used to love you  
When you were nice and kind  
But the way you've been treatin' me lately, baby  
Done drove me outta my mind."

Yeah, yeah and that's all  
That's all she wrote.

--- Instrumental ---

Well, my hands began to tremble  
As slowly I read on  
She said, "You won't hurt me no more  
GoodBye, good luck, I'm gone."

Yeah, yeah and that's all  
That's all she wrote.

--- Instrumental ---

Well, I stand here by this river  
With her letter in my hand  
I'm gonna let that river take me  
Goodbye, this is the end.

Yeah, yeah and that's all  
That's all she wrote...

--- Instrumental to fade ---
