I know I'm not your first love they're just a past memory
I'm the one who's got you now and that's all that
matters to me
I know other arms have held you but I'm not jealous of
these
Cause you see mine are the arms that hold you now
And that's all that matters to me

I came alive when you came along yes you brought life
back to me
And I don't care what's in your past you're as far as I
can see
I know other lips have kissed you and I know you've
been thrilled and pleased
Mine are the lips that kiss you now and that's all that
matters to me
Yes mine are the arms that hold you now and that's all
that matters to me
