Does she seem a little cold when you love her  
Does she turn away when you hold her tight  
Just search your soul and you will discover  
How you hurt her, night after night.

Chorus:

And when was the first time she begged you to love her  
But you turned away and acted like a fool  
And when was the first time she lay there and cried  
Well, that's when she started to stop loving you.

--- Instrumental ---

Do you wonder why she's turning to another  
And if you love her you'd better tell her so  
'Cause she's finding out that anyone will love her  
And it won't be long 'till you'll have to let her go.

Chorus:

And when was the first time she begged you to love her  
But you turned away and acted like a fool  
And when was the first time she lay there and cried  
Well, that's when she started to stop loving you...
