(The girl can't help it the girl can't help it.)

If she walks by the men folks get engrossed
(She can't help it the girl can't help it)
If she winks an eye the bread slice turn to toast
(She can't help it the girl can't help it)
Yeah, if she got a lot of what they call the most.

Well, the girl can't help it she was born to please
And she's got a figure made to squeeze
Well, won't you kindly be aware
(She can't help it the girl can't help it)
She mesmerizes every mother's son
(She can't help it the girl can't help it)
And when she's smiling, beefsteak become well done
(She can't help it the girl can't help it)
She makes grandpa feel like twenty one.

Well, the girl can't help it she was born to please
(Was born to please)
And if I go to her on bended knees
Won't you kindly be aware that I can't help it
(And he can't help it)
Because I'm hoping obviously
That some day the answer would be
The girl can't help it she's in love with me.

And if I go to her on bended knees
Won't you kindly be aware that I can't help it
(And he can't help it)
Because I'm hoping obviously
That some day the answer would be
The girl can't help it she's in love with me...
