Today, I saw her for the first time since she left me  
And she said I've got a favor to ask of you  
And I said all right, what is it?  
And she said you know you always told me  
If I ever needed any help just to ask and you'd help me  
And I said, yeah, I remember  
And she said, well, there's this fellow that I've been  
goin' with  
And I just found out that he's been slippin' around on  
me  
And I thought that maybe if you'd write me a letter  
And tell me that you miss me and that you still love me  
That he might find it and he might read it and  
It might make him jealous and I might not lose him  
And I said, Ok I'll write you the letter.

Dear sweetheart, just a line to let you know  
That I still think about you and I still love you so  
I remember your kisses and everytime you held me  
tight  
But most of all I remember the good times that we had  
each night.

Dear sweetheart, if you're lonely, just let me know  
For you're still my one and only and I still love you so  
I'm gonna close for now sweetheart and try to go on  
without you  
But don't forget I'll always love you, no matter what you  
do.

So now I've written the letter the way you asked me to  
And I hope it makes him jealous, the way you wanted it  
to  
For I've told you I still love you and I want to be with you.

But you know sweetheart the saddest part  
I'm not pretending for I still do...
